

Annual Luncheon

Sunday 27th June 2010

“Exposing the downfalls of paid parental leave”

Guest speaker Tempe Harvey is President of Kids First Australia (www.kidsfirstaustralia.com) and will expose why the proposed paid parental leave is of no benefit to families.

Kids First is a communications network of people working to better the lives of children and their families. Through their efforts they endeavour to raise the social status and support for the time devoted to caregiving and the anchor it provides to a healthy society. The network aims to provide data that shows unfair discrimination against family-based care-giving of children and those (mostly mothers) who do it.
