Special Speaker:

Jenny Gurry completed her Degree in Business then worked in marketing in the corporate world for some time. It was after completing an Advanced Diploma in Ministry that she began her journey into helping women face unplanned pregnancy. Now newly married and loving life... Jenny has been involved in the life movement for just over 3 years now. She began Diamond Pregnancy Support after she saw that there was a need for women who were facing an unplanned pregnancy to find the support they needed. After 3 years, they are reaching over 100 families a year and reaching women from all different walks of life and all different backgrounds and being part of the answer for women facing unplanned pregnancy and the unborn.

The **Passion 4 Life Team** is an amazing group of young (13-15 years old) ladies—Ebony, Grace, Liana and Jacinta—who are passionate about saving the unborn. They are planning their second Blue Mountains walk of 70 kms to raise awareness of abortion and funds for pro-life initiatives.

Fundraiser

Bring your stamps with you to the Dinner

New Release -
